Road Closure

US Route 6 between Ottawa and Marseilles

Ottawa, IL – The Illinois Department of Transportation announces that work to replace the US 6 structure over Milliken Creek between Ottawa and Marseilles continues. This \$984,801.92 contract has been awarded to "D" Construction, Inc. of Coal City, Illinois.

Originally slated to be completed in late August, heavy rains and flooded site conditions have pushed the completion date for the culvert and roadway work back to late September. At that time, the road will be re-opened and remaining work will be completed utilizing flaggers. All work related to this contract will be completed this autumn.

Motorists are encouraged to use caution when travelling through this work zone or along the detour route.
